Draft reply to Question 74.

(a) The National War Front Organization consists of a Central Advisory Committee with the Dewan as President and the ministers and 10 leading non-official gentlemen as members. Some of the members of this Committee are State Organizers of the following Sections viz., (1) Meetings, (2) Press, (3) Enrolment and Propaganda and (4) Educational Institutions. The Districts and the Cities of Bangalore and Mysore and the Kolar Gold Fields have each an organization with the District or City Organizer, as the case may be, and an Advisory Committee. The District and City Organizers are co-opted members of the State Advisory Committee. The individual members of the District and City Advisory Committees are assigned responsibility for -- organizing in the respective districts or cities the work of one or the other of the sections mentioned above. There is also an organization of the National War Front in each Taluk, with a Taluk Organizer and a Committee. In a large number of cases, Organizers and Committees have been appointed in hoblis and villages also.

In addition to the Organizers and members of these Committees who are non-officials, there are full-time Itinerant Lecturers, two or three in each district according to requirements, and propagandists, ballad singers and lecturers in Bangalore City. There is, besides, a batch of honorary propagandists working under the control of one of the State Organizers of the Enrolment and Propaganda Section. Several other non-official gentlemen interested in the movement have been working for it in various parts of the State.

A statement furnishing the 'personnel' of the Central and Local Organizations of the National War Front is attached.

(b) The Members of the Central and District Organizations are given facilities for touring for National War

Front

Front work, and Travelling Allowance is paid to them; while the City Organizers and members of City Advisory Committees are paid conveyance allowances. Taluk Organizers also are paid out of pocket expenses incurred in touring for National War Front work and also contingent charges. Clerical assistance is given to District and City Organizations and printing and contingent charges are provided. Literature and other publicity and propaganda material is also supplied.

Heads of Departments and Deputy Commissioners have been requested to provide facilities to the members of the National War Front organizations for their work and to give them whatever assistance they require to intensify their effort.

(c) The National War Front being mainly concerned with the strengthening of public 'morale', it is not possible to assess and state the results so far achieved in concrete and precise terms. Generally speaking, there has been a clearer appreciation of the present position, greater awakening of civic and social consciousness and general improvement in the 'morale' of the people of the State. Several thousands of persons have been also formally enrolled to the Front.

Sir, Legislative Council 42- Question No.74.

With reference to your letter No.3899 dated the 11th instant,I have the honour to send enclosed a note regarding the War effort of Large Industrial Concerns and Small Scale Industries in Mysore.

I have the honour to be,
Sir,
Your most obedient servant,

Commissioner of Labour & Director
of Industrial Planning.

Subject: War effort.

Twenty Four Industrial Concerns (8 private,8 Government-aided and 8 Government) are engaged on war Supply work. list of such concerns is enclosed.

The stores supplied by these industrial concerns comprise of the following:-

(1) Textile goods, (cotton,woollen and silk)
(2) Chemicals,
(3) Iron and Steel,
(4) Woodware articles,
(5) Leather goods,
(6) Crockery,
(7) Porcelain articles,
(8) Batteries,
(9) Machine Tools,
10) Food articles etc.

The total value of orders received from the Department of Supply by the above industrial concerns up to end of the first quarter in the current year is nearly 5½ crores.

Facilities extended to them.

(1) Priority in Wagon space is secured for them,

(2) Distribution of machine tools is arranged according to the nature of work.

(3) Exemption from the operation of certain section of the Factories Act is given to enable them to cope up with work.

(4) Technical advice and assistance is given free of charges.

In addition to supply through large scale industries, supply of stroes required by the Department of Supply is also arranged through small scale industries. Orders for the supply of wood articles,such as tent mallets, augur handles, hammer handles,etc., and leather goods (P.O.W.sandals, chappals), valued at about one and three-quarters lakhs have been received. These orders have been distributed to persons who are carrying

on industries on a small scale. These are men of very limited means. Supply of raw materials, technical advice and assistance required by them, and also advances against supplies are arranged for. This organisation has very recently been formed.

In addition to these stores, handloom blankets supply has been arranged for through weavers in mofussil places, like Gubbi, Chikkanayakanahalli, etc. A local Works, Mekr (Metal Works) has received orders for the supply of two lakhs of brass rings and there are nearly 50 stores, the sources of which are under investigation.

Extent of results achieved.

(1) The large scale industries in the State have been benefitted to the extent of 2 crorers of rupees and small scale industries and cottage workers to the extent of 1½ crorers of rupees.

(2) The war orders have afforded employment to a number of cottage workers.

(3) They have also been able to improve their technique as a result of the constant supervision exercised by the technical staff appointed for the purpose.

B/d/Mudaliar
